# 1970 TOWN REPORT

## AUBURN, NEW HAMPSHIRE

# YESTERYEAR

An act of the Legislature "Severed from the Town of Chester and made a body politic and corporate by the name of Auburn," on June 23, 1845.

(Benjamin Chase's History of Chester 1869)

Therefore, as we passed the 125th year of our incorporation as a Town on June 23, 1970, the photos on the opposite page are meant to be a reminder to all of our past.

## SELECTMEN'S COMMENTS

It is with utmost sincerity that we ask all registered voters of the Town to make a special point to attend both the School District meeting on Friday, March 5, at 8 P.M., and the Annual Town meeting at 2 P.M., March 13. Both of these meetings will take place at the Roy Seavey Auditorium at the school. It is what happens at these two meetings that will directly affect your tax rate and in turn, what amount you will be spending in taxes next fall.

Waiting until you receive your tax bill to comment or try to take action will be too late. Now is the time to be heard. Therefore, we urge all voters to attend!

In a democracy, you have certain duties to your fellow voters and attendance is one we hope you will take seriously this year.

Article 20. Mr. Donald MacDonald suggested that the Selectmen place an article in the 1971 warrant relative to returning to the non-partisan election. Sense of the meeting was that this be in the 1971 warrant.

Mr. Robert Desfosses recommended that an article be in the Town Warrant that allowed a discount for early payment of taxes.

Mr. John Davis asked that something be done about fencing in the firehole near Spofford Road.

Mr. Poltack recommended that the ballot clerks pay be increased.

Mr. Donald Dollard moved that this Town meeting be adjourned in memory of Norma F. Davis. Meeting adjourned.

Attest: Mary F. Griffin  
Town Clerk

## CIVIL DEFENSE REPORT

In 1970 Civil Defense Funds were used to purchase a used typewriter, a dozen heavy jackets, 48 flashlight batteries and four pairs of surplus heavy duty shoes from the Surplus Properties Office in Concord. The total amount spent was \$45.16. These materials were bought for a small fraction of their actual worth.

Bulletins are sent from Civil Defense and Surplus Headquarters in Concord and periodic checks are made with the Concord offices to see if any articles of use to the town departments are available.

The CD Director and Selectmen fill out forms on progress and CD status every six months and this keeps Auburn eligible to buy surplus properties at a fraction of their value.

Respectfully submitted,  
Emerson C. Heald  
Civil Defense Director

# THE VISITING NURSE ASSOCIATION OF MANCHESTER 622-3781

The services of the Visiting Nurse Association, a United Fund Agency, are available for all of the residents of Auburn regardless of age, creed or ability to pay. The Visiting Nurse provides bedside nursing care, treatment and instruction and the Registered Physical Therapist provides physical therapy; all services are carried out according to directions by the patient's physician on a part time basis. Home Health Aides are available on the same basis. The Association is a home health agency certified to care for Medicare patients.

Maternal and child health guidance and instruction is given before and after the arrival of new babies and classes for instruction of expectant parents are held three times yearly in Manchester.

Family health guidance is also given with special emphasis on prevention of disease and promotion of health.

332 visits to Auburn residents were made in 1970. Miss Judith Filleul R.N. is the nurse in the Auburn area.

Seven clinics with Dr. Hermann Sander attending were held in Candia in 1970. Children from Auburn and Candia were immunized against diphtheria, tetanus, whooping cough, german measles, regular measles, polio and smallpox.

The physician, patient, family or a friend may call the Visiting Nurse Association for service at 622-3781 Monday through Friday 7:30 a.m. - 4:00 p.m., 194 Concord Street, Manchester, N. H.

## REPORT OF THE SOUTHERN N. H. PLANNING COMMISSION

### INTRODUCTION:

In just four years the SNHPC has grown to be the most progressive area-wide planning organization in the State of New Hampshire. Under the able leadership and support of the Board of Commissioners and member communities, a full-time staff of Executive Director, Regional Planner, Planning Technician and Secretary now occupy the Commission offices at 815 Elm St., in Manchester.

The primary function of the Commission is to provide the administrative and technical mechanism that is necessary to identify and resolve "area-wide" problems; develop programs to carry out "area-wide" comprehensive plans; and to effect cooperation between local governments within the Region in order to implement programs that will assure coordinated, progressive development in a Regional perspective.

The SNHPC staff works closely with local planning boards. A full time staff representative regularly attends Auburn Planning Board Meetings as an advisor. Mr. W. Ray Walker is presently working with the Auburn Planning Board. He keeps them informed about SNHPC regional planning activities and helps the Auburn Planning Board relate the regional plans to the Town's present and future development plans. In addition, the SNHPC staff assists the Auburn Planning Board in its review of subdivision application, zoning controls, and many other activities.

### THE COMMISSION:

The Southern New Hampshire Planning Commission was formally organized in August of 1966 in accord with State of New Hampshire Statutes—a direct result of recommendations set forth in the Metropolitan Manchester Planning Study.

Present Commission membership consists of the City of Manchester, and the Towns of Auburn, Bedford, Goffstown and Hooksett, each of whom is directly represented in metropolitan affairs by delegates appointed by their respective governing bodies.

The present Commissioners are as follows:

MANCHESTER	Raymond E. Closson, Chairman Nicholas Isaak, Vice Chairman Alphonse Corriveau Aid. Frank Wageman
AUBURN:	A. J. Staby Philip Hujar, Exec. Committee
BEDFORD:	Eugene Van Loan, Jr., Treasurer Albert Lambert
GOFFSTOWN:	Roland Barnard Lawrence Shirley, Exec. Committee
HOOKSETT:	Warren Harvey Conrad Croteau, Secretary

The Commission's first priority is to insure that each member qualifies for maximum financial-aid for the planning and construction of necessary highway improvements, public sewer and water facilities, airport im-

provements, hospital facilities, parks, playgrounds and open-space and a number of other facilities. Financial-aid programs established by the Federal Government require that "Comprehensive Area-wide Planning" be completed before specific projects are funded. In meeting these planning needs, the SNHPC is utilizing the financial resources of the Department of Housing and Urban Development under the "701" program to match and extend local appropriations.

### THE PROGRAM:

The area-wide Comprehensive Planning Program being carried out by the Commission provides a significant benefit to each municipal member in the form of substantial Federal and State financial-aid for planning and constructing needed facilities to insure progressive and growing communities.

The SNHPC program is designed to "encourage the most appropriate use of land, such as for agriculture, forestry, industry, commerce, and housing; the facilitation of transportation and communication; the proper economic location of public utilities and services; the development of adequate recreational area; the promotion of good civic design; and the wise and efficient expenditure of public funds." Major components of this year's program are described in the following sections.

### Water and Sewerage Facilities

In December of 1970 the Commission presented the Interim Report for Water Supply and Water Pollution Abatement in the Metropolitan Manchester Regional Area to area-wide officials for their review and comment. Alternative proposals outlined in this document will afford municipal officials an opportunity to evaluate immediate and long-range programs designed to serve local and regional needs.

Area-wide water and sewerage facilities planning qualifies the SNHPC member communities for as much as 95% Federal and State financial assistance for construction of major sewer interceptors, trunk lines, and treatment facilities or as much as 50% Federal assistance for the construction of water supply and distribution facilities.

### WATER AND SEWER FACILITY GRANTS:

Water Facilities		Sewerage Facilities	
Federal Grant	50%	Initial Federal Grant	30%
Municipality	50%	State Grant	40%
		Additional Federal Grant	10%*
		Additional Federal Grant	10%**
		Federal Incentive Grant	5%***
		Municipality	5%

\* Ten percent additional grant if the State has a matching grant of more than 30%.

\*\* Ten percent additional grant if the State has classified waters and maintains enforceable water quality standards.

\*\*\* Five percent incentive grant if project is certified by the Southern New Hampshire Planning Commission as being in conformance with "area-wide" Sewer Plans.

### TRANSPORTATION PLANNING:

The SNHPC has established a continuing transportation planning process in conjunction with the New Hampshire Department of Highways. This planning process provides for a continuous means of evaluation and

revision of the Metropolitan Manchester Planning Study completed in 1966. Continual transportation planning is required by the 1962 Federal Highway Act in order to qualify certain highway projects, such as the relocation of the Mammoth Road and Route 3 intersection; the proposed I-93 extension through Manchester and Hooksett; the Route 3 project in Bedford; and the Route 114 By-pass in Bedford and Goffstown. In addition, the Governor has designated the SNHPC as the Agency responsible for carrying out the Regional transportation planning process by coordinating the region's transportation facility and service needs through the year 1990, as well as tentative transportation investment programs for 1975 and 1990.

#### COMMUNITY SHELTER PLAN:

The SNHPC has completed the Community Shelter Plan for the Metropolitan area. The six basic objectives of the Community Shelter Plan are:

- (1) To prepare a workable plan for allocating and moving people to the best available shelter space in the event of a nuclear emergency.
- (2) To inform people of where to go and what to do in the event of a nuclear emergency.
- (3) To define unfilled shelter requirements, both present and future, so that efforts to develop new shelter can be applied in the deficient areas.
- (4) To encourage the incorporation of shelter in new private and public buildings.
- (5) To provide for periodic updating of shelter allocation plans, and
- (6) To provide a basis for updating local Civil Defense emergency plans.

One remaining item is the publication of the Emergency Readiness Document. This will be published as a supplement to the Manchester Union Leader, the first part of May, 1971.

#### OPEN SPACE AND RECREATION:

As 1970 drew to a close, the SNHPC staff completed a draft of an Open Space and Recreation Plan including a comprehensive inventory of recreation opportunities available to residents of the Region, deficiencies in Open Spaces and Recreation areas, and projections for future requirements. This plan will be finalized in 1971.

#### STORM DRAINAGE:

Late in 1970 work was initiated on a Regional Storm Drainage Study designed to identify existing and potential drainage and flood hazards within the Southern New Hampshire Region. Preliminary investigations have enabled the SNHPC staff to map flood hazard areas and potential storm drainage impoundment sites.

This report, scheduled for completion in early 1971, will evaluate Regional alternatives and establish appropriate relationships between Storm Drainage programs and other Commission planning activities, such as Open Space and Recreation, Water and Sewerage, and land use.

#### PROGRAM REVIEW AND COORDINATION:

Section 204 of the Demonstration Cities and Metropolitan Development Act of 1966 requires that -

"all applications made after June 30, 1967, for Federal Loans or Grants to assist in carrying out open space land projects or for planning or construction of hospitals, airports, libraries, water supply and distribution facilities, sewerage facilities and waste treatment works, highways, transportation facilities and water development and land conservation projects within any metropolitan area shall be submitted for review to the area-wide agency which is designated to perform metropolitan or regional planning for the area within which the assistance is to be used."

The need for greater cooperation between State and Local governments involved in planning and development programs, especially those supported by Federal loans and grants, resulted in the expansion of the 204 Review procedures. The Intergovernmental Cooperation Act which became effective in October of 1969 was designed to: (1) encourage State and Local initiative and responsibility for the development of organizational procedures that would provide effective coordination of functional comprehensive planning activities; and (2) eliminate conflict, duplication and competition in State and Local planning programs.

#### FINANCES:

Membership Fees of 25¢ per capita, based upon the latest census were set by the Commission in June 1967, effective July 1, 1968. The fees are as follows:

<u>MUNICIPALITY</u>	<u>1960 Population</u>	<u>25¢ per Capita Fee</u>	<u>1970 Population</u>	<u>25¢ per Capita Fee</u>
AUBURN	1,292	\$ 323	1,984	\$ 496
BEDFORD	3,636	909	5,746	1,437
GOFFSTOWN	7,230	1,807	9,115	2,279
HOOKSETT	3,713	928	5,472	1,368
MANCHESTER	<u>88,282</u>	<u>22,070</u>	<u>87,342</u>	<u>21,836</u>
	104,153	\$26,037	109,659	\$27,416

These membership fees are used by the Commission to match Federal Grants for Regional planning projects, and to provide local planning assistance to members. Since 1968, the Commission has received \$97,800 from the Department of Housing and Urban Development and nearly \$23,000 from the U. S. Army Corps of Engineers. The Commission anticipates receipt of \$30,000-\$40,000 in Federal Grants during 1971. These grants are based upon a 2/3 Federal and 1/3 local matching basis. Membership fees used for matching Federal Grants to date, total \$49,394. It is anticipated that an additional \$15,000-\$20,000 of membership fees will be used for matching Federal Grants in 1971.

#### THE YEAR AHEAD:

Looking ahead to 1971 and beyond, the SNHPC has established the following objectives:

- Preparation of the Final Report on the Regional Water and Sewer Facilities Plan.

- Completion of basic planning studies including:
  - 1) Plan for Open Space and Recreation
  - 2) Identification of Storm Drainage Problems
  - 3) Prepare suggested Regional Development Policies
  - 4) Complete recommended development plans for the years 1975, 1990, and 2020.
- Prepare a Regional Plan and Program for Solid Waste Disposal
- Continue planning assistance to members on a more intensified basis.
- Provide a continuous effort to insure members qualify for maximum Federal-Aid for implementation of plans and construction of needed facilities.

#### REPORT OF THE PLANNING BOARD

During the past year the members of the Planning Board have met with State, regional and local offices relative to zoning ordinance changes, highway relocation, industrial development and water and sewage studies.

Major changes in our zoning ordinances pertain to the newly designated industrial areas, mobile home park regulations and subdivision regulations.

To expedite the processing of applications for subdivisions the following procedure is recommended.

- A. Present a sketch of the proposed subdivision for preliminary approval by the board.
- B. Upon receiving preliminary approval the applicant shall submit three plot plans of the subdivision showing the boundaries of the entire tract and proposed lots in relation to entire tract.
- C. All maps are to be certified by a Registered Engineer as to the accuracy of details shown thereon.
- D. Five dollars (\$5.00) fee. Checks are to be made payable to the Town of Auburn.

Supplementary material will be required for major subdivisions.

- A. Topographic map.
- B. Proposed street profiles.
- C. Deed restrictions.

Please refer to the application form that is included in the Town Report on the last page.

The Planning Board meets at 7:30 p.m. on the second Wednesday of each month at the Town Hall.

The Town Clerk has the Zoning ordinances and subdivision regulations on file for reference and they are available during her regular hours of business.

(Signed)

Philip Hujar, Chairman

## REPORT OF THE FOREST FIRE WARDEN & DISTRICT CHIEF

The fire season of 1970 was not a quiet one in this area, on the contrary, it was a very busy time with some towns reporting a greater number of fires than in past years. This record is not good.

Both state and towns are striving to meet this challenge. Results show that we are not doing enough, we must do more in the matter of fire prevention education, a more active inspection program and a more prompt, complete investigation of fires where definite cause is not known with court action where the need is indicated.

We must insist that minor children are given needed supervision, this is a parent's responsibility.

Your Warden and District Chief stand ready to help in this work.

Our gratitude to all who have helped in forest fire prevention and suppression this past year and we look forward to this continued help in our effort to improve our good prompt detection system and fast suppression action. This, coupled with a good prevention program, will improve our fire record.

Follow these simple suggestions to help:

Set a good example for others by observing fire permit laws and regulations; take your debris and waste to the town dump; keep matches away from children and be sure your smoking material is dead out when discarded.

Number of fires reported and acres burned — 1970 season:

STATE	484 fires	244 acres
DISTRICT	189	170
TOWN	18	23

TOTAL ACTIVITIES	576
------------------	-----

The Auburn Police Department activities have increased 8% over 1969. We have been working with the Governor's Commission on Crime and Delinquency since last March and we were assured in December 1970 that the Town of Auburn has been allocated \$1,600 towards the purchase of a new cruiser and a Blue Telephone Police Network.

A new Plymouth police cruiser will be purchased soon. A new 4 channel two way radio has been installed in Chief Heald's car. This radio is valued at \$1,060 and did not cost the Town any money as it is part of a new county-wide communications program being paid for by the county and state governments.

The Auburn Police Department now owns more than \$3,000 worth of equipment. This includes radios, weapons, uniforms, lights and siren--public address systems.

Respectfully submitted,  
The Police Commission

## THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School district in the town of Auburn,  
New Hampshire qualified to vote in district affairs:*

You are hereby notified to meet at the Auburn Village School in said district on the 5th day of March, 1971, at eight o'clock in the afternoon, to act upon the following subjects:

1. To hear reports of agents, auditors and committees or officers chosen and pass any votes relating thereto.
2. To see if the District will authorize the school board to make application for and to accept on behalf of the District any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government and/or the State of New Hampshire.
3. To see if the District will vote to authorize the School Board to accept in the name of and in behalf of the school district gifts for the use of the school.
4. To see if the District will vote to accept the provisions of Public Law 89-10 designed to improve educational opportunities with particular reference to low income families, and to appropriate such funds as may be made available to the District under the Federal Act for such particular projects as may be determined by the school board. Further, to see if the District will authorize the school board to make application for such funds and to expend the same for such projects as it may designate.
5. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District.
6. BY PETITION: To see if the School District will raise and appropriate the sum of \$7,200.00 (seventy-two hundred dollars) for payment of salaries for five (5) teacher aides to be used in the Auburn Village School.
7. To transact any other business that may legally come before this meeting, including the appointment of committees.

Given under our hands at said Auburn this 3rd day of February, 1971.

## SUPERINTENDENT'S REPORT

To the citizens of Auburn, I hereby submit my annual report as Superintendent of Schools.

In October of 1957, Russia placed in orbit an artificial satellite called "Sputnik".

Curriculum and curriculum development became front-page news and citizens began to realize the importance of more expensive curricula for college-bound as well as non-college bound youngsters. General education as well as better vocational offerings, particularly on the higher and more technical level were in demand. The necessity for meeting the needs of all our students became very important.

Traditionally, curriculum was only a collection of textbooks used by a given school system. As the purposes of educations have broadened, the idea of curriculum has changed to include all the means used by a school system to provide students with opportunities for a profitable learning experience. The business of living is now the curriculum of our schools. Over the past four years, in this Union, teachers, administrators, consultants and lay people have been working together to make available to the teachers curriculum materials. It will not be easy for these students to make decisions without the right information; it takes profound thought and knowledge, it takes courage to act and to behave democratically. Children have to be prepared for all this. Your schools have been given the assignment of helping students to understand the world in which they live, and to make decisions about current problems and to prepare for a future world that we do not completely understand.

This Union has become increasingly aware that curriculum development is an integral part of the educational process. It is no longer sufficient to rely only on a textbook for a given subject. The teacher, through her curriculum guide, must be given the ideas and understandings that a community feel are important for their children. It is no longer enough to rely on the standard textbooks. Other media must be placed in the hands of the teachers. Current research in education has revealed that learning takes place through all the senses, therefore, the teachers must have access to such materials as filmstrips, visual transparencies, charts, models and tapes.

The main emphasis in curriculum study in this Union is to place in the hands of the teachers the ideas and concepts that are to be taught in each subject. Along with these concepts we want to provide a teacher with the necessary materials to enable her to do her job. When this has been accomplished, each class-

room teacher will be able to organize and present the materials in her own particular style of teaching.

We do not want a stereotyped teaching. We want to be certain, however, that each student has the opportunity to receive a similar background of knowledge in our Supervisory Union. We feel that the best way to do this is by the staff working together, with consultants, to write curriculum guides for each subject. We fully realize, however, that a good curriculum is never complete; that it undergoes constant evaluation so that it may meet the needs of our changing community.

I would like to express my appreciation to Mr. Arthur Mitchell, Assistant Superintendent of Schools, for his leadership in the curriculum program.

With the addition to the Auburn Village School, sufficient classroom space has been provided. The student population growth in Auburn from September, 1969 to September, 1970, grew at a rate of 2.5% which is far below the average for Supervisory Union #10. This rate of increase in population should be watched closely over the next few years.

I would like at this time to express my appreciation to the Auburn School Board, to Principal John Larkin and to the staff at the Auburn Village School. I would like to draw particular attention to the programs now underway in the open area of the school. The staff and Mr. Larkin have devoted many hours to the planning of this program. I feel the Auburn citizens have a right to be proud of the education that the staff is providing to their students.

I would like to commend Mr. Anastas Christo, Director of Pupil Personnel, for his dedicated efforts to provide programs for the special students in this Union.

Respectfully submitted,

Bernard J. Ellis  
Superintendent of Schools

## REPORT OF THE ASSISTANT SUPERINTENDENT

The school year, 1969/70, was a rewarding one for the Auburn School District. This was highlighted by the completion of the new wing at the Auburn Village School. The minimum life of an average school building is fifty years. Planning in this day and age, with changes coming so rapidly, a building must be built to provide a great deal of flexibility for learning and instruction to take place. The open wing, adjacent to self-contained classrooms, provides for this flexibility. Planning by the instructional leaders within the building is a necessary prerequisite to good instruction. One must have time to assess what a child needs prior to giving him the instruction. If groups are to be flexible and provide interchange within the groups, then the instructors must have the time and a place to meet together in order to arrange their groups. The design of the school has provided a planning workroom for the teachers right in the instructional area. We hope, with time, the State will allow us more planning time for the teachers, as it takes a two or three hour session to plan appropriately, rather than trying to catch fifteen or twenty minutes here and there within or immediately after the school day.

Achievement tests from Scientific Research Associates were given in October. The results were subsequently given to parents and the local School Board.

In the area of curriculum, a great deal of time was spent. A workshop day was held in the fall for all instructional staff of Supervisory Union #10. Among the leaders of the workshop day was Dr. Robert Anderson, of Harvard University, world renowned educational leader and author of numerous texts. He talked with teachers about organization for team teaching and ungraded schools, team planning, and working for an improved educational organization. Joining with him was Thomas Wolpert, of Boston University, who worked with the teachers on language arts and activities. From Keene State College we had Michael Franklin, whose major area of concern was learning disabilities. Throughout the year we saw the results in benefits of this workshop day in many classrooms throughout the school district. The principals of Supervisory Union #10 were called together at the close of the school year to share their concerns and discuss improved organizational methods. All principals met with the superintendent's staff at the University of New Hampshire with Dr. Petroski. We reviewed our supervisory procedure and made plans for the coming year. Results have shown that we should repeat this procedure again. Following the close of school, another workshop was held in June with Dr. Kenneth Marrar of Boston University to train

teachers in new methods of handling and developing their own audio-visual materials. Teachers learned how to make individual slides, screens and how to incorporate these into the curriculum. Their duty was to share this information with the rest of their staff throughout the coming school year. Teachers at Auburn School again volunteered their time to join with the teachers of Windham and No. Londonderry School Districts in order that they may learn better ways and improve methods in individualizing instruction. This shows the high degree of professionalism and dedication that these teachers have for your children. Numerous consultants were brought in for this program from a variety of Universities and all praised these people for their sincerity and dedication. These teachers asked to continue their in-service training and study into the 1970 school year. The Language Arts, Social Studies and Mathematics Committees worked in the month of August to prepare material for the teachers. The mathematics committee developed diagnostic tests to be used by teachers in placement of the children for instruction. This material will be re-evaluated and developed in another summer session. The language arts people purchased a booklet recognized by the State as a noteworthy accomplishment to aid teachers in instruction. The social studies group continued their development of plans for each grade level. We are planning to substitute the language arts committee for the science committee this coming summer in order that we may review and redevelop our science program to assure coordination throughout the school district.

In the area of teacher recruitment, nearly 300 teachers were interviewed in three states. In some areas the supply was plentiful. In the area of science and math there is still a shortage.

All current staff members have been supervised in their classroom by the principals and some by the superintendent's staff. These written reports are submitted to the assistant superintendent after being signed by the teacher.

I wish to thank the Auburn Board of Education, principal and other professional staff for their excellent cooperation throughout the school year.

Respectfully submitted,

Arthur Mitchell, Jr.

### REPORT OF THE PRINCIPAL

To the School Board, citizens of Auburn, and the Superintendent of Schools, I hereby submit my annual report for the school year 1969-70.

On the final day of the school year, June 19, 1970, our population was 369 pupils. During this period 42 pupils transferred to Auburn and 38 pupils left our school district.

The highest number of pupils in the history of Auburn—forty-four—graduated in a simple but impressive ceremony held in the Roy F. Seavey Gymnasium. Mr. Russell Maes, Manchester School Guidance Director, was the guest speaker. Mr. Joseph Higgins, Chairman of the School Board, presented diplomas to the graduates.

#### THE STAFF:

At the present time our staff consists of sixteen teachers, a part-time reading consultant, nurse, speech therapist, a music supervisor, secretary and a librarian.

As usual the teachers were involved in many meetings related to curriculum change which was designed to improve instruction. The intermediate grade teachers planned for the occupation of the second floor carpeted learning areas, where the open concept became a reality. The physical transition from the self contained classroom to the new addition after the Christmas vacation was a creditable performance by both pupils and teachers. Occupation of the second floor by the intermediate grades enabled the two eighth grades to return to their classrooms from the gym which they had occupied for approximately four months. One seventh grade class also moved to a classroom from the science laboratory which had been a homeroom since September. The remodeling of one fourth grade room into an extension of the library was an additional benefit of the new construction. Our teachers became more involved with identification of emotionally disturbed pupils through meetings conducted by Mr. A. Christo, Director of Pupil Personnel Services for Supervisory Union #10.

In the intermediate grades the teachers planned and taught in pairs. Pupils studied and learned in small groups with emphasis on individualized instruction through the use of cassettes with the cordless headset and loop system.

#### THE CURRICULUM:

More emphasis as usual was placed on the reading program of grades one through six than the departmentalized seventh and eighth grades. Yet provisions were made to meet the needs of those upper grade pupils at their reading levels.

The primary grades became nongraded for the first time in the school's history. The teachers of those grades were able to plan cooperatively once a week due to dedicated parents who volunteered weekly Thursday afternoons to relieve the teachers for that purpose.

For a better and improved method of communication, parent-teacher conferences were scheduled on a quarterly basis. This was most successful for over 95% of the parents of grades one through six attended these meetings.

Library participation by pupils showed a healthy increase over the last year: Attendance reached a figure of 17,756 with a circulation of 10,144 from 3000 library books.

#### ACTIVITIES:

Educational field trips planned to coincide with classroom experiences were scheduled for all grades. The fourth and fifth grade students visited our state capital for a look at our legislators in action.

There were two science fairs during the year, one by the 7th and 8th grade pupils, sponsored by Mrs. Ladew, science teacher and the second by the primary pupils under the guiding hand of Mrs. B. Taylor, 3rd grade teacher. The former was conducted in the gym whereas Mrs. Taylor used a 3rd grade room. Both activities were well attended by parents and friends.

#### CONCLUSION:

In planning for changes in the curriculum and the physical plant, the principal and staff received the full cooperation and advice of Mr. Bernard Ellis, Superintendent of Schools, and Mr. Arthur Mitchell, Assistant Superintendent of Schools.

For the sincere cooperation of the School Board, the teachers, our reading consultant, Mrs. Marion Pounder, Mrs. Marion Heald, nurse-teacher, Miss Joan Martin, music supervisor, Mrs. Elizabeth O'Brien, librarian, Mrs. Mildred Preston, secretary, the cafeteria personnel, bus drivers, custodians, and the PTA, I express my thanks.

Respectfully submitted,  
John F. Larkin,  
Principal

## SCHOOL HEALTH REPORT

To the Superintendent of Schools, School Board and citizens of Auburn:

School Nursing shows constantly changing priorities and will continue to do so more dramatically in the future.

The School Nurse, because of her medical knowledge, academic preparation and professional skill is expected to:

- (1) Assess and evaluate the health and development status of the pupil in order to make a nursing diagnosis and establish priority for action.
- (2) Interpret the health developmental status and medical findings of the pupil to him, to his parents, and to school personnel.
- (3) Counsel and guide those persons responsible for pupils health to appropriate resources.
- (4) Use direct health services as a vehicle for health counseling.
- (5) Serve as liason between the parent, school and community in health matters.

Four clinics were held at the school and Dr. Rebecca Cohen was in charge. The following is a tabulation of the immunizations:

Sabin (polio)	183 received first dose
Sabin (polio)	78 received second dose
Small pox	113
Regular measles	44
D T Booster	182
D P T Booster	20
Rubella (German Measles)	192 (Kindergarten thru 6th grade)

Grades 1-8 were given T B tests - 102 tested - all negative.

Other activities included:

Vision tests	365	36 defects	8 treated
Hearing Tests	365	4 referred	0 treated
First Aid	735	treatments	
Heights and weights	Grades 1 thru 8.		
Home visits	42		
Pre-school registration	25	children registered	

Clinics:

Speech clinic	25 children participated
Crippled children	3 children participated
Dental	145 children (teeth cleaned and fluoride application)

The dental clinic was sponsored by the PTA and is very much appreciated.

Last summer 48 pre-school children had their teeth cleaned and the fluoride administered by the State Dental Hygienist.

Programs presented:

Dental—grades 1-6 were visited and given lecture, film and demonstrations by the State Dental Hygienist. All students in grade 3 received tooth brush kits and instructions.

Safety—Films shown to grades 1-6

Drugs—Films and lectures to grades 5-8

Alcoholism—Mr. Sheldon of the State Liquor commission lectured, presented a film and questionnaire to grades 5-8.

Nutrition—Lecture and film to grades 1-6.

Physical Fitness—Films shown to grades 6-8.

Good Grooming—Film to grades 7 & 8.

I want to take this opportunity to thank the Lions Club for the new leather couch in my office and also for helping sponsor the Rubella Clinic. The Lions Club has also purchased glasses for several students.

I wish to thank everyone for their support and cooperation in helping to make this program possible.

Respectfully submitted,

Marion S. Heald  
School Nurse

## REPORT OF THE READING CONSULTANT

To the Auburn School Board and the Superintendent of Schools:

During the school year 1969-70 much progress was made, within the Reading program, toward the goal of providing each child with materials and instruction according to his individual needs. The establishment of levels spanning the work of the primary grades served as the beginning of a nongraded approach to instruction. Pupils in the Primary Unit were assigned to levels, on the basis of teacher judgment and the previous year's achievement, and were allowed to progress through as many levels as possible. The children moved between rooms for instruction, which still included a basal reader approach, supplemented by additional phonics and programmed materials.

The new open-area addition for the intermediate grades provided the right setting for the use of instructional tapes, recordings, individual filmstrip viewers, and other audio-visual aids. All of these contributed greatly to the development of skills, and to independent study on the part of the pupil. Children in the intermediate grades were assigned by groups to teachers for instruction in the Language Arts. In addition to a basal reader program and the audio-visual aids, much use was made of programmed materials, allowing the child to work independently and to progress at his own speed. In grades 7 and 8 the departmental program provided a daily period for Reading.

Flexibility has played an important part in these new programs, and, in turn, creativity on the part of both teachers and pupils has flourished. Cooperative planning between the consultant and teaching staff, along with continuous evaluation of each child, are contributing factors in making the program a success.

At this time I would like to thank the following: Mr. Ellis, Superintendent of Schools, and Mr. Mitchell, Assistant Superintendent, for their guidance; Mr. Larkin, Principal, for his support and cooperation; and the teachers for their untiring efforts.

Respectfully submitted,

Marion R. Pounder  
Reading Consultant

## SPEECH THERAPY PROGRAM

Supervisory Union #10

To the Superintendent of Schools and members of the School Board:

Federally funded through Title I, ESEA, in 1969-70, the Speech Therapy Program provided a full-time coordinator/speech therapist and three part-time therapists to serve the towns of Auburn, Chester, Derry, Londonderry, and Windham. 138 children in 11 schools were seen for therapy. The program also included a 4-week Summer Speech Clinic in 1970.

All third-graders were screened in the Fall for speech problems of voice, articulation, hearing loss and auditory perception, stuttering, and language development. The philosophy of early identification of a speech problem is basic to the program. In this way, a child can be enrolled in speech therapy before his incorrect speech pattern becomes stabilized as a habit that would be harder to correct when he is older.

In trying to effectively meet the needs of those children with speech problems and enhance the program, the children were seen on a block schedule of two 5-week periods during the school year. 90% of the children showed sufficient progress in the first 5-week block so that they carried-over the corrected speech outside of therapy and to the second time block.

The Special Education classes received a language program designed to raise the students' general linguistic functioning. Through language activities, the classes were directed to oral expression for language development.

Parents of children seen for therapy were given suggestions when needed to help their child at home and to maintain carry-over. Of particular consequence was the parental involvement in the child's therapy goals and understanding of the function of speech therapy in relation to the child, the school, and themselves.

I wish to thank the Superintendent of Schools, his administrative staff, the School Boards, principals, teachers, and staff of all schools for their participation and help in the program. A special thanks is extended to Miss Carol MacKinnon for helping me.

Respectfully submitted,

(Miss) Deborah Folley  
Coordinator/Speech Therapist

## MUSIC TEACHER REPORT

To the Superintendent of Schools, School Board and citizens of Auburn:

During the school year 1970-71 we have been trying to integrate several different methods of teaching music into one overall program.

All grades have been learning to sing new songs chosen according to their interests and abilities.

The first grades have been learning to recognize and repeat simple rhythms and melodic patterns. They have also learned to "feel" the beat on pulse of the music and express it through body movement and the use of rhythm instruments.

Grades two and three have begun to read rhythmic notation and also to sing simple melodies by the use of Kodaly hand signals.

In addition to reading and writing rhythms and learning to hear and sing by sight more difficult intervals; the fourth, fifth, and sixth grades have been learning to sing in two and three parts, beginning with rounds, canons, and partner songs, and going on to songs with descants and simple two part songs.

I would like to thank the Superintendent of Schools, his administrative staff, our principal and teachers for helping to make this a very rewarding year.

Respectfully submitted,  
Joan C. Martin

Statement showing the activity in the Building Fund Accounts during the fiscal year are presented in Exhibits B-3 and B-4.

School Lunch Program Account: (Exhibit C)

A statement of the School Lunch Program Account is included in Exhibit C.

School Tax Account: (Exhibit D)

Exhibit D presents a statement of the 1969-70 School Tax Account with the Town of Auburn. As indicated therein, there was a balance of \$12,000.00 due the School District by the Town of Auburn as of June 30, 1970 on account of the 1969-70 School Tax. This amount is shown as an asset in the general fund balance sheet at June 30, 1970.

Statement of Bonded Indebtedness: (Exhibit E)

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1970, showing annual debt service requirements, is contained in Exhibit E.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$6,545.64, from \$10,292.89 to \$16,837.89, during the fiscal year ended June 30 1970, as shown herewith:

	<u>June 30, 1969</u>	<u>June 30, 1970</u>
Total Assets	\$12,344.45	\$30,202.76
Current Liabilities	2,052.20	13,364.87
Current Surplus	<u>\$10,292.25</u>	<u>\$16,837.89</u>

Note, Bond & Coupon Register Required by R.S.A. 33:12:

The treasurer is required by R.S.A. 33:12 to maintain a note, bond and coupon register as prescribed by the State Tax Commission. Furthermore, the register must be submitted to the auditors wherever an examination of the accounts of the School District is made. This register has not yet been kept as required.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District. Publication of the exhibits included in the report is optional, at the discretion of the School Board.

We extend our thanks to the officials of the Auburn School District for their assistance during the course of the audit.

Yours very truly,

Frederick E. Laplante

### CHAPTER 21

#### CHAPTER 21.

##### AN ACT RELATIVE TO THE SALE OF SUBDIVIDED LAND.

*Be it Enacted by the Senate and House of Representatives in General Court convened:*

21:1 Subdivision of Land. Amend RSA 36:27 (supp) as amended by 1963, 163:3 and 1969, 185:1 by striking out said section and inserting in place thereof the following: 36:27 Penalties for Transferring Lots in Unapproved Subdivisions. Any owner, or agent of the owner, of any land located within a subdivision in a municipality that has adopted subdivision regulations, who transfers or sells any land, before a plat of the said subdivision has been approved by the planning board and recorded or filed in the office of the appropriate register of deeds shall forfeit and pay a penalty of five hundred dollars for each lot or parcel so transferred or sold; and the description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from such penalties. Said municipality may enjoin such transfer or sale and may recover said penalty by civil action. In any such action the prevailing party may recover reasonable court costs and attorneys fees as same may be ordered by the court.

21:2 Effective Date. This act shall take effect sixty days after its passage.

[Approved May 4, 1970.]

[Effective date July 3, 1970.]

#### NOTICE

By law, reregistration of voters will take place in April, 1971. The supervisors of the checklist will be at the Town Hall for this purpose on the following dates:

April 3, 10, 17, 24, — 9 A. M. — 12 A. M.

April 5, 19, — 7 P. M. — 9 P. M.

### BURNING REGULATIONS

#### TO REPORT A FIRE DIAL 483-2521

The State of New Hampshire requires that written permits be obtained for all open fires at all times when the ground is not snow covered.

Permits may be obtained from the Forest Fire Warden, Mr. Cedric Preston, for grass, brush, campfires, etc. Permits must be obtained on the day burning is to be accomplished.

Burn when there is no wind, on rainy and damp days, in a safe place and in accordance with the terms of the permit. Burn before 9:00 A.M. and after 5:00 P.M. Keep some buckets of water close by; if wind develops, promptly extinguish the fire. All fires must be extinguished before you depart the scene.

#### LICENSING OF DOGS

Each owner of a dog 3 months old or over must register the dog with the Town Clerk, before May 1. Each dog over 3 months must have received a "rabies vaccination"; certificate of vaccination to be presented to the Town Clerk at time of licensing. Each dog must wear a collar around its neck distinctly marked with its owner's name and bearing attached to said collar a metal tag distinctly marked with its register number.

License fees are as follows: Male and spayed female—\$2.00; female—\$5.00. Kennel licenses are available for owners of 5 or more dogs; \$1:00 penalty if not paid by June 1st.

#### DISPOSAL AREA REGULATIONS

The operating days and hours of the Auburn Town Dump are from 8 A.M. to 5 P.M. Saturdays and Sundays. The Dump is for the use of Auburn residents only. All trash must be thrown over the bank. Garbage and dead animals or dead fowl must not be brought to the Dump.

#### TRAILERS AND MOBILE HOMES

A recent New Hampshire Statute requires that owners of trailers and mobile homes furnish proof of payment of Town taxes to trailer movers prior to removal of trailers from the Town. Owners should secure complete information from the Selectmen or Tax Collector as severe penalties are adjudged for failure to comply.
